

iONprime

For rooms that think for themselves
Touch sensor & room controller

theben

DESIGN MEETS INTELLIGENCE

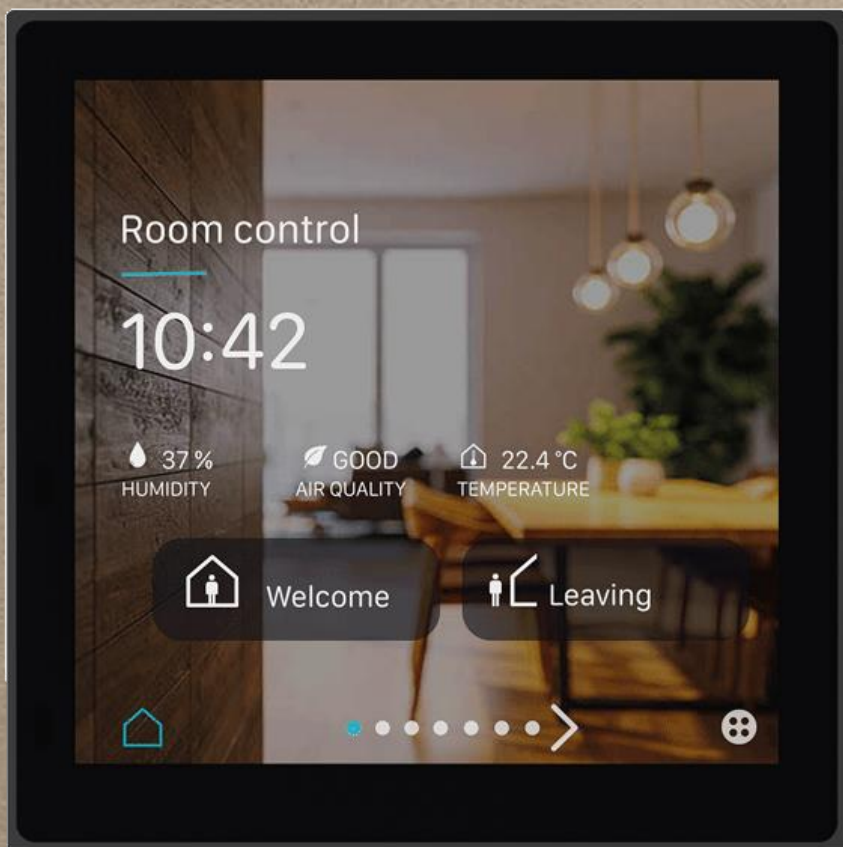

INTUITIVE CONTROL AT ITS FINEST

The iONprime series combines technological precision with architectural clarity. Whether as a touch sensor or room controller, the system blends in with high-quality metal surfaces, aluminum or brass, fitting perfectly into any room design and can be seamlessly integrated into KNX systems.

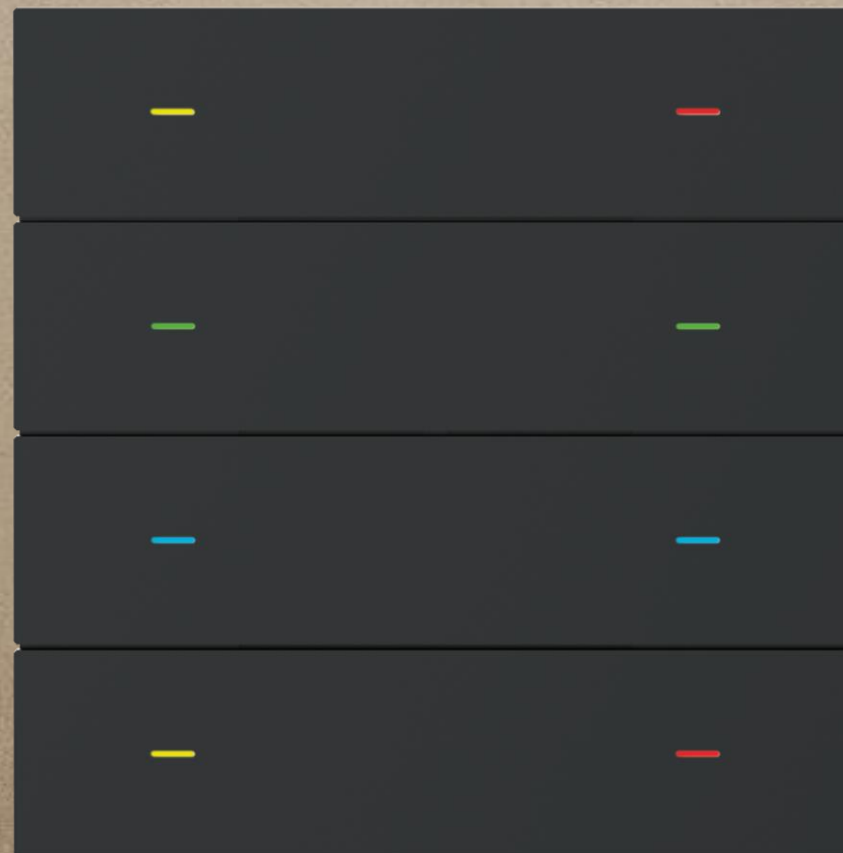

Minimalist in design, maximum in function.

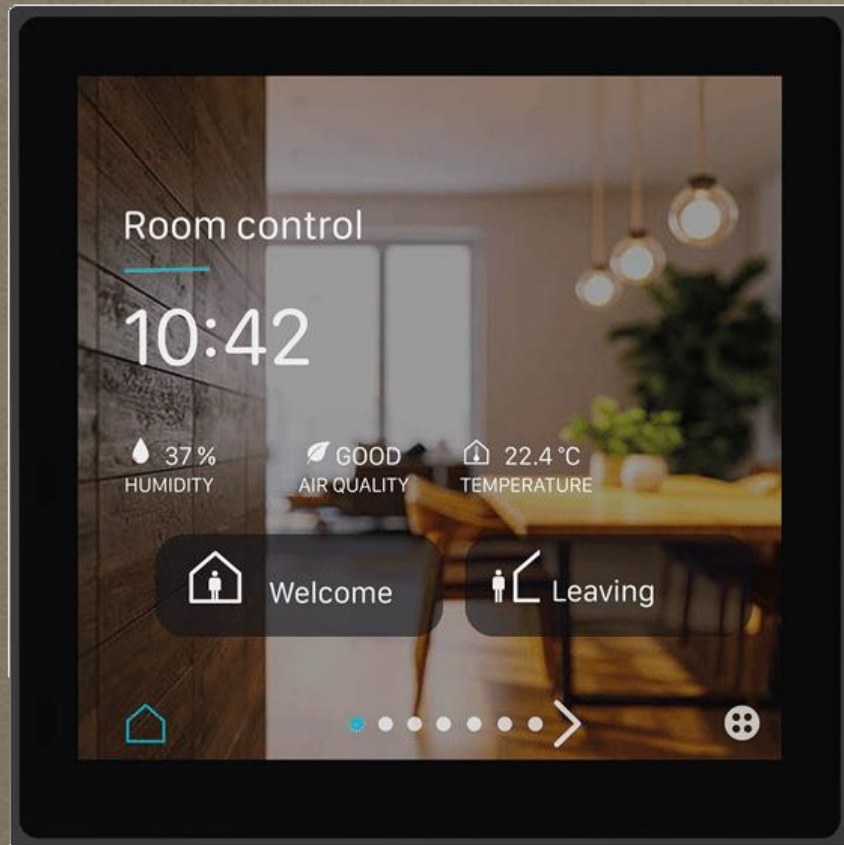

theben

iONprime CP4 KNX
Room controller

iONprime PB KNX
Touch sensor

Room controller with built-in sensors for temperature, humidity (relative), proximity and brightness

4-inch touch display

6 pages with 48 functions

Customizable background images

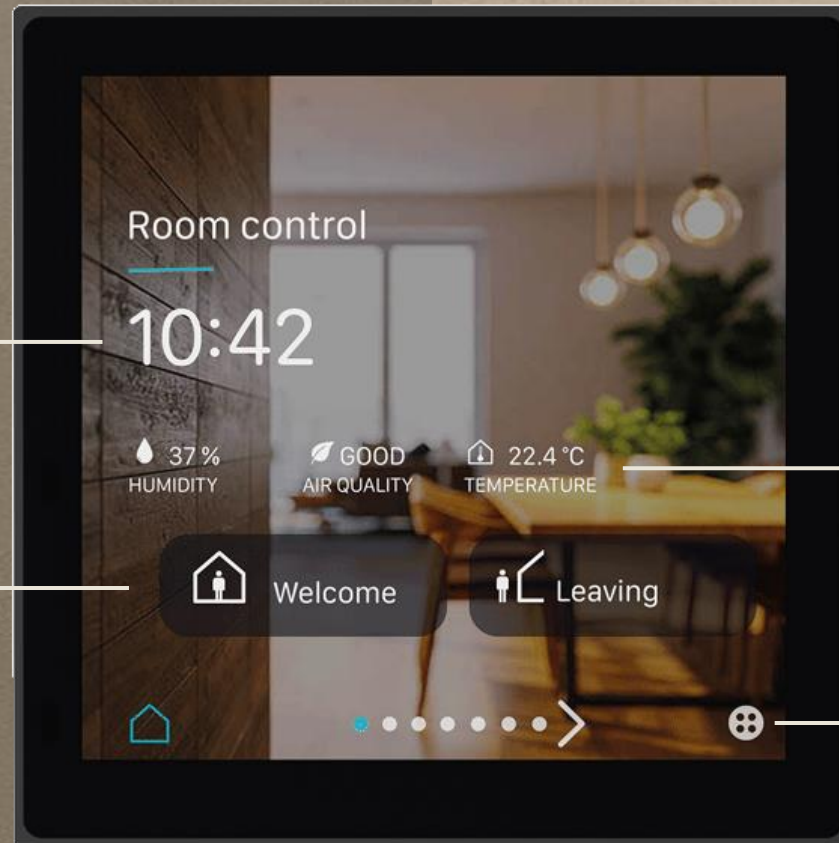

iONprime CP4 KNX
Room controller

Custom labeling

Display of the current time

2 buttons freely configurable

for example central or group control, scenes, ...

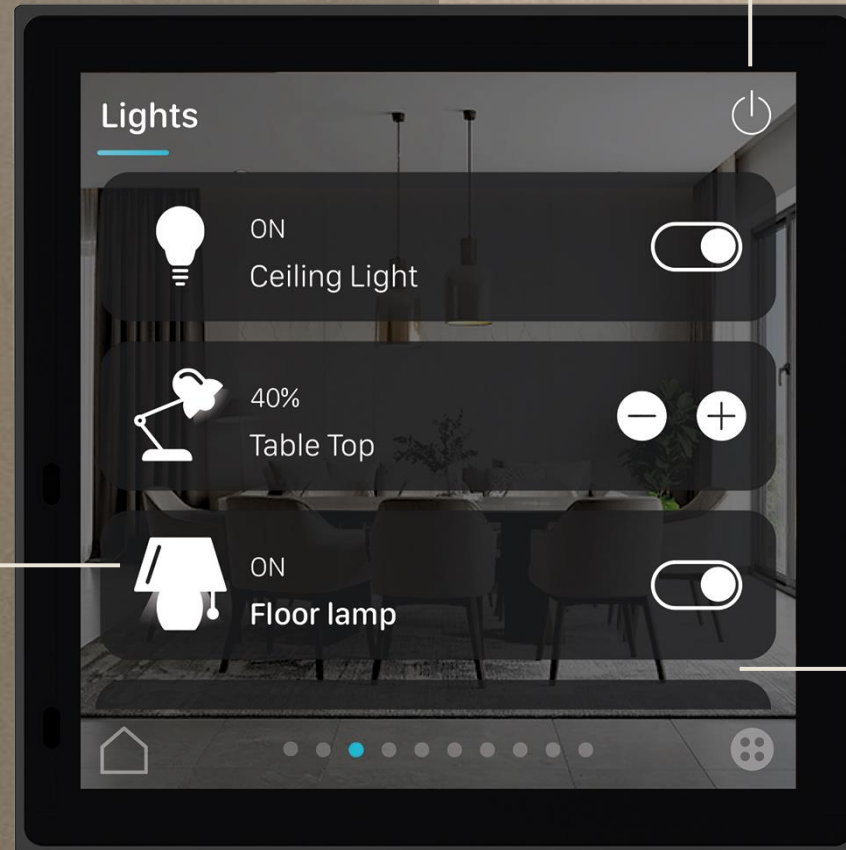

Up to 3 status displays
from internal or external values
→ Temperature, humidity, air quality, CO2, VOC, brightness, wind speed

Favourite page freely selectable → hold down to save the page as a favourite

**Up to 8 functions
on one page** (switching,
dimming, drives, scene, value
sender, colour temperature)

**Custom icon
for every function**

**2 extra functions
programmable**
for example all off, scenes, ...

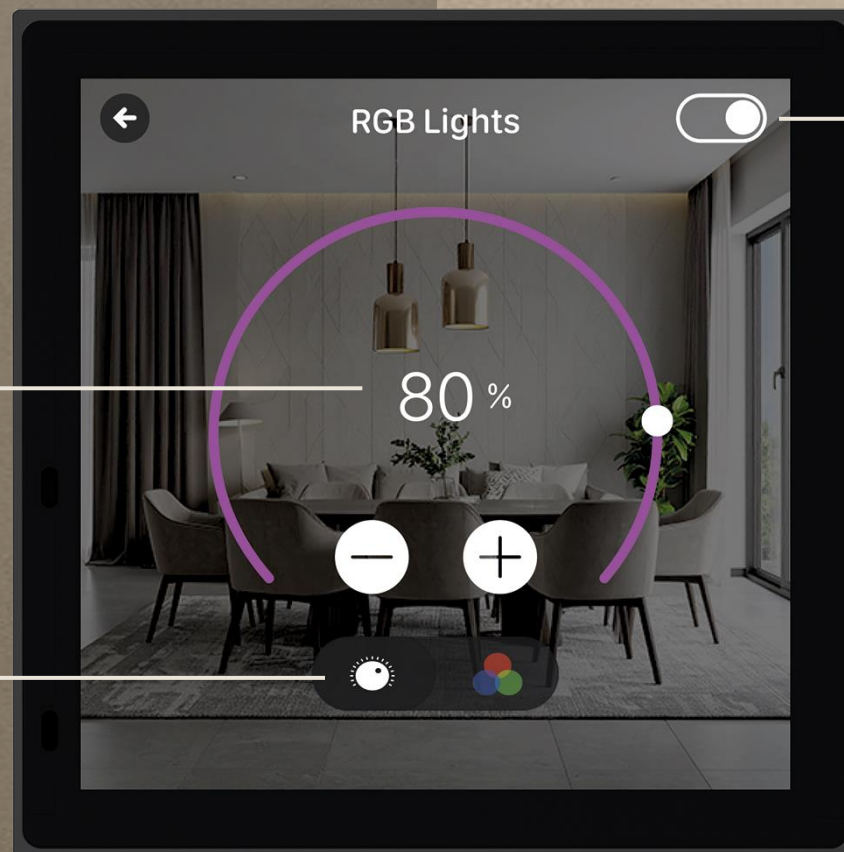

**Freely selectable
background images**

Single function colour
temperature control

Dim value display
and adjustment

Colour picker
for setting the
light colour

Direct on/off switching
of the function

Single function thermostat

Heating / cooling, continuous or switching control with optional extra stage and fan control

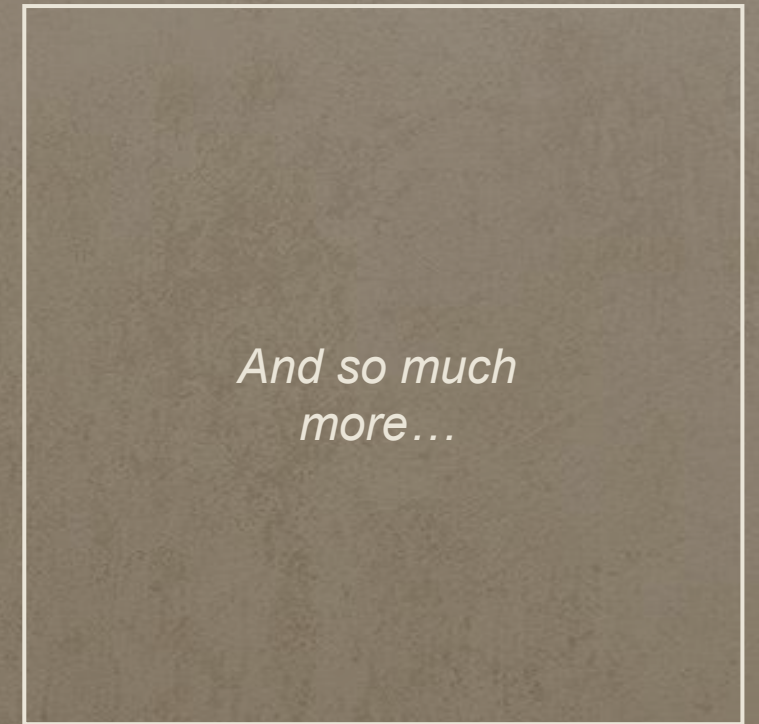

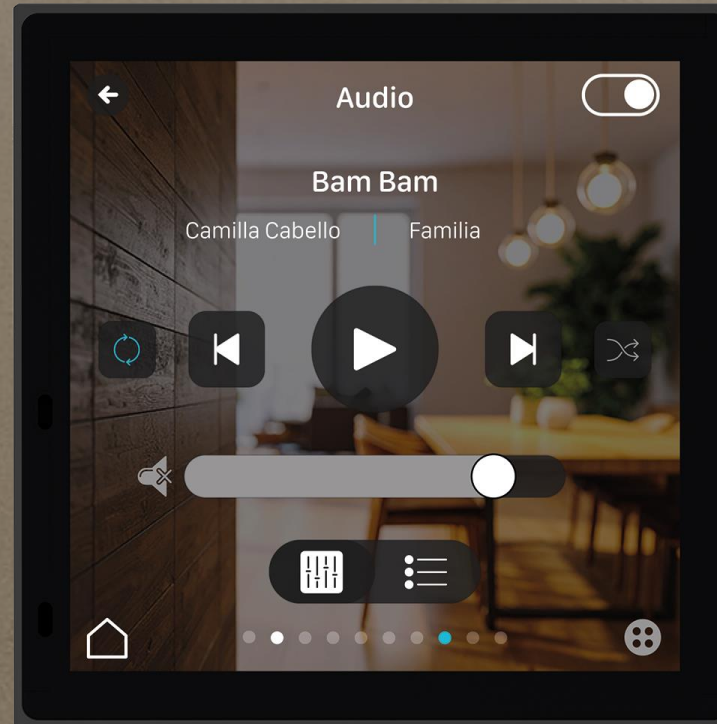

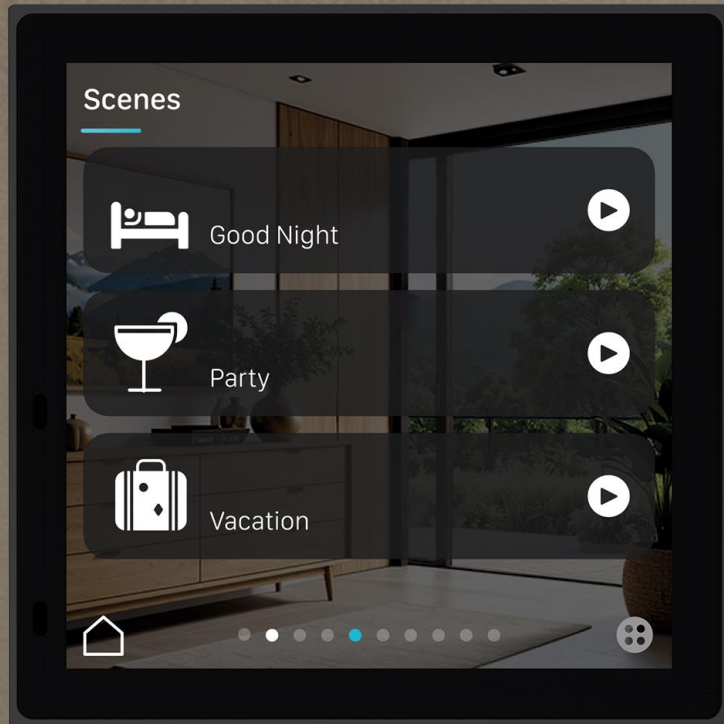

Display and adjustment

Set temperature, actual temperature, relative humidity (internal sensor)

Thermostat
activate / deactivate

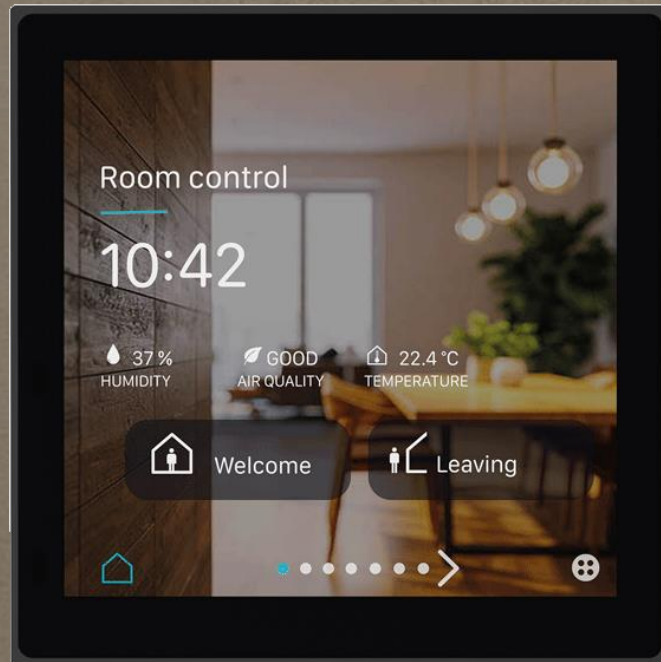

Display and adjustment
heating/cooling mode, fan
level, operating mode

*iONprime CP4 KNX
Room controller*

iONprime CP4 KNX

Room controller

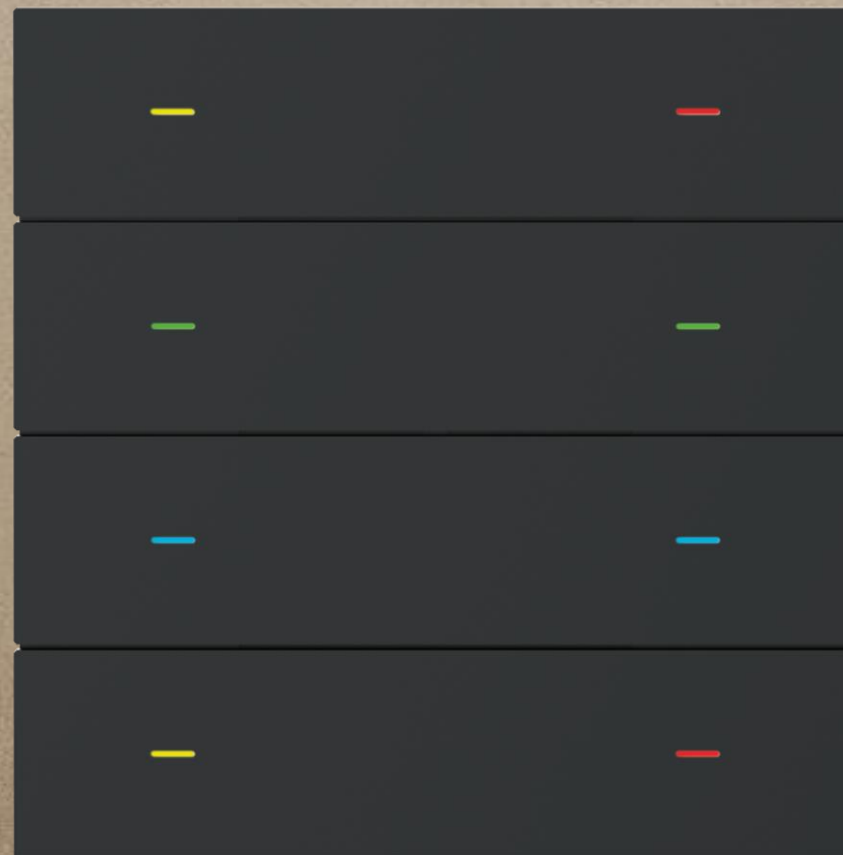

Item no.: 4969300

System	KNX
Functions	up to 48 functions on 6 pages
Sensors	Temperature, humidity, brightness, proximity
Display	4" touch panel, 480 × 480 px
Buttons / Operation	Touchscreen (individually configurable)
Material	Glass, aluminium frame
Mounting type	Flush-mounted
Dimensions	86 × 86 × 12 mm
KNX bus	21–32 V DC
Auxiliary voltage	12-30V DC
Protection class	IP 20
Operating temperature	0 °C ... 45 °C

iONprime CP4 KNX
Room controller

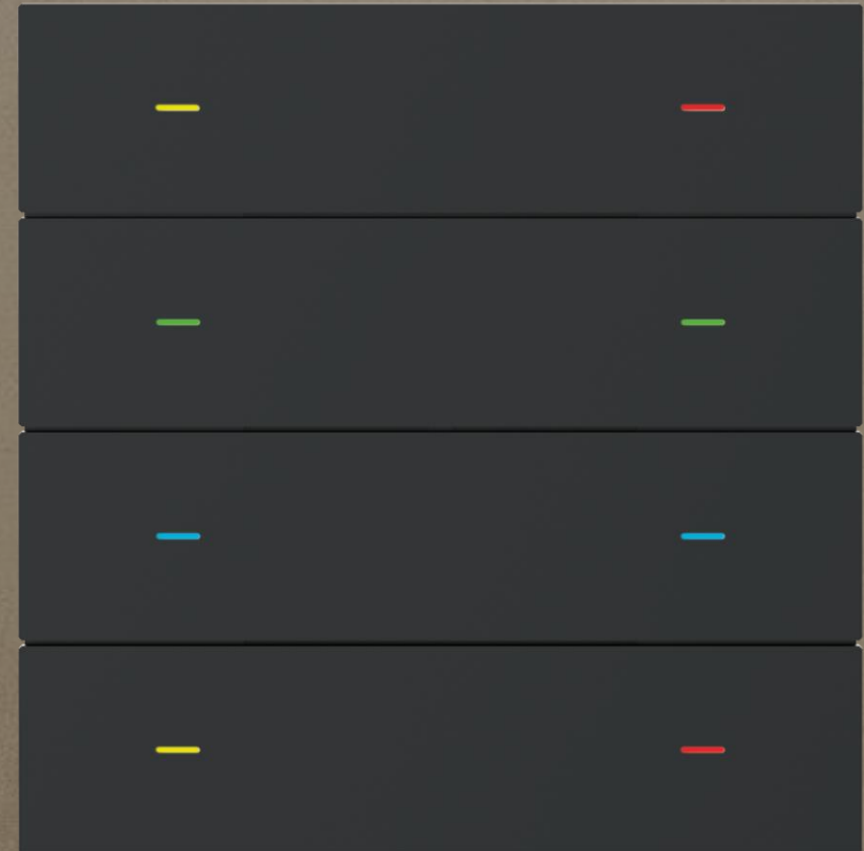

iONprime PB KNX
Touch sensor

Sensor for temperature, humidity (relative), IAQ (air quality index), proximity and brightness

1 base unit for all rockers

RGB LEDs per button

Rockers in 3 versions
single, double, or quadruple to
choose from in 7 colours or
materials

iONprime PB KNX
Touch sensor

theben

RGB LEDs for status or operation display

LED brightness adjustable or automatically controlled depending on ambient brightness

Temperature, humidity, brightness, CO2, and proximity sensor built-in

KNX touch sensor

with integrated bus coupler

Logic function with 4 separate logic channels (AND / OR / XOR) and up to 4 input objects

Integrated temperature controller

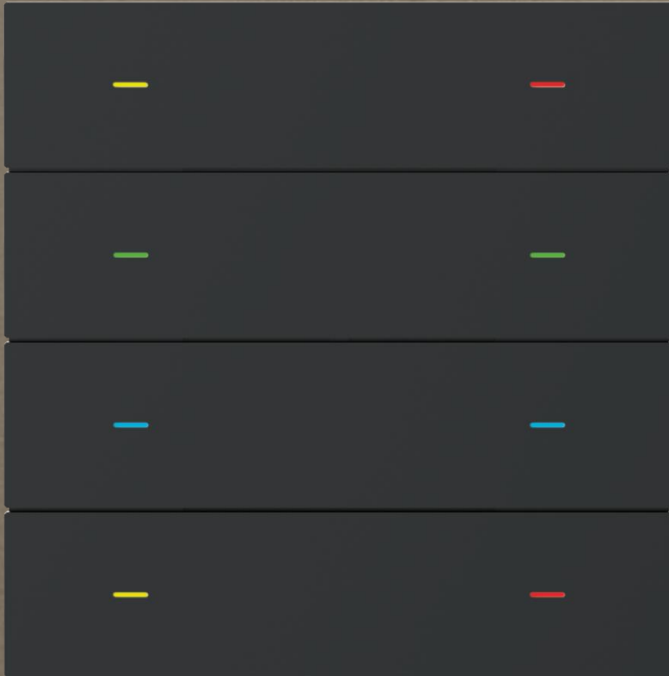

for controlling and regulating mode and temperature

Display and control up to 8 functions Control for switching, dimming, blinds, value sender, and scenes

2 configurable thresholds each for temperature and humidity

iONprime PB KNX

touch sensor

Item no. without rocker: 4969301

System	KNX
Functions	Switching, dimming, blinds, scenes
Sensors	Temperature, humidity, brightness, IAQ*, proximity
Display	-
Buttons / Operation	up to 8 buttons with RGB LED
Material	Metal, aluminium, brass, plastic
Mounting type	Flush-mounted
Dimensions	86 × 86 × 11 mm
KNX bus	21–32 V DC
Protection class	IP 20
Operating temperature	0 °C ... 45 °C

*Indoor Air Quality based on CO₂ value

iONprime PB KNX touch sensor

iONprime PB KNX is fully functional with the dust cover (buttons and LEDs). The dust cover is replaced by the matching rocker when finished.

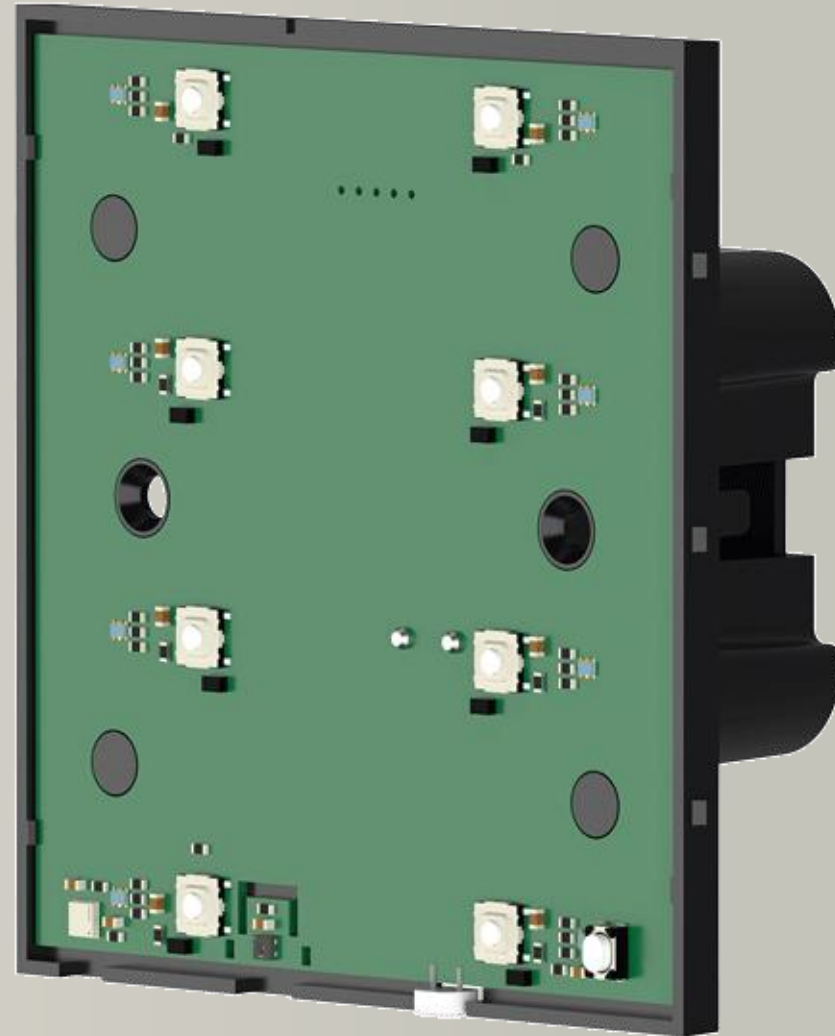

theben

iONprime PB KNX touch sensor

iONprime PB KNX is fully functional with the dust cover (buttons and LEDs). The dust cover is replaced by the matching rocker when finished.

→ Remove dust cover

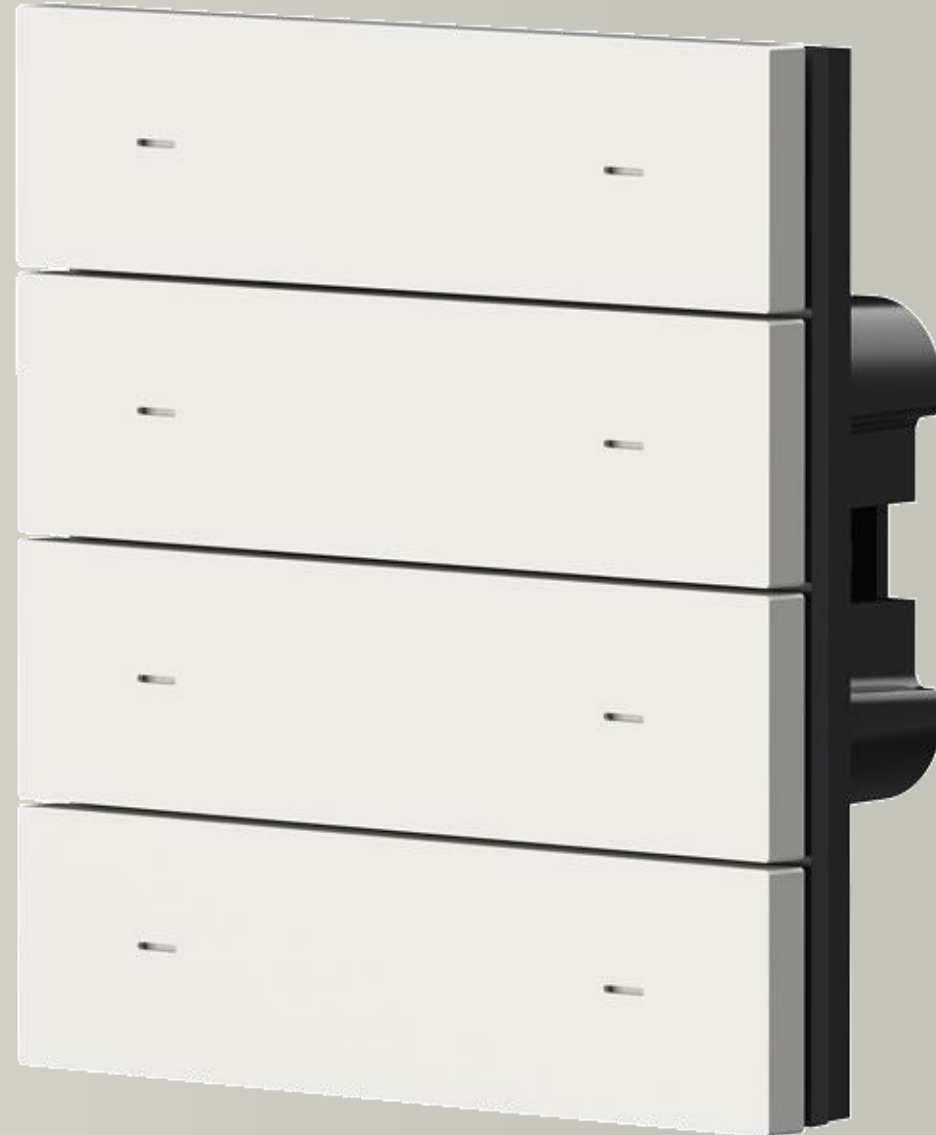

① The touch sensor can be mounted on the mounting plate using the plastic screws (included) and secured against unauthorized removal.

iONprime PB KNX touch sensor

iONprime PB KNX is fully functional with the dust cover (buttons and LEDs). The dust cover is replaced by the matching rocker when finished.

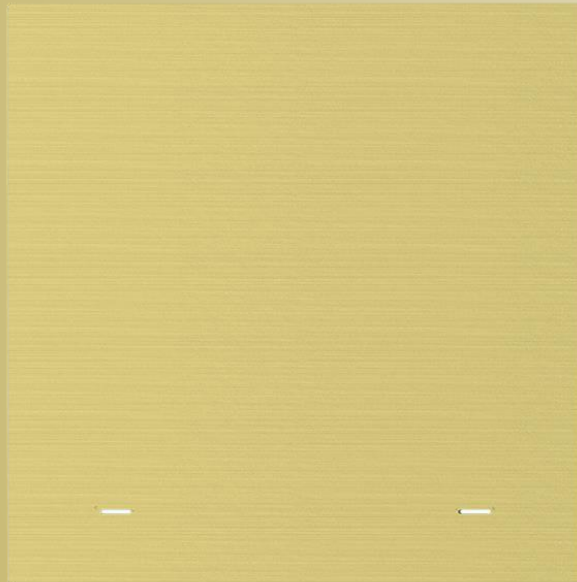

- Remove dust cover
- Attach rocker
